

## Underaged tenant

Living in Soihtu's (JYY) apartments is normal rental housing and not hall of residence type of housing. Soihtu (JYY) doesn't organize special supervision for underaged tenants. Living alone requires good life management and responsibility from an underaged tenant which should be taken into account by the guardian when signing the tenancy agreement. If the tenant turns 18 during the tenancy, a new tenancy agreement isn't signed but the agreement continues as before.

This consent must be returned to the service point of Soihtu Housing before signing a tenancy agreement.
